GROWING TIMOTHYS

By Pastor Juan Feliciano

A difficult aspect of ministry is not being able to visualize what God is doing in the work we do and in the people whom we have contact with day in and day out. We know that growth is progressive and we don't always see immediate results, but rather are seen through the progression of time if we continue being faithful. I say this because there are subtleties of growth that we do in fact see that our new people (Our Timothy's) might not pick up on early in the ministry. I am persuaded that for this reason Paul says to Timothy in 2 Timothy 1:8 not to be ashamed of the testimony about our Lord, nor of me His prisoner, but share in the suffering for the gospel by the power of God. Paul was telling Timothy that the current opposition and suffering is only part of the process that God takes us through in order to mold and shape us. It is quite easy for us to fall in observing only what we see before us especially in light of the onslaught of negativity, persecution and defiance that our churches face today. In addition to all this, Timothy had to process and deal with the fact the man of God who he closely labored with was now in prison. These were certainly reasons, if not handled appropriately, that could serve as discouragement for Timothy. Paul is asking Timothy to look at the big picture, this calling into the ministry was prepared beforehand by God Himself before the ages began (see vs. 9 2Timothy 1). This process we are now confronting is part of the plan God put in motion that only serves for us to be better prepared in this journey of life in Christ to help those He has entrusted us to serve. God is awesome! Opposition, negativity, defiance and things alike are part of God's purpose set in place even before we even knew Him, for He know the plans He has for us Jeremiah 29:11. Our Timothy's need to trust in the sovereignty of God for He plans welfare in the midst of the storm, a future and hope that only He can provide and that in spite of what we fail to see God is at work.

***Trust God for what He is doing in
the ministry even when the results
are not seen immediately.***
