"Go ye into all the world, and preach the gospel to every creature."

## Thanks Be To Our Father

Let everything that has breath praise the Lord! Praise ye the Lord! (Ps. 150). Let everything - all of God's creation, and much more the children of God, who have been given life and life more abundantly, who ought to praise the Lord with their whole heart, forgetting not all His benefits!

Many of you today, FG pastors, evangelists, and all the ministers of God, you are able to sing along with me the praises of God today. When you look to where you may have been, had it not been for Christ Jesus, lost and in sin, yet you have been pardoned, saved, healed, and delivered! His grace *is* sufficient! You have been raised up, a child of the Most High, called, and sent forth as lights in the world. Hold on to the word of life. Give forth the testimony of what God has done for you that all to whom you are sent will come to know Him as their savior and redeemer.

As you read through this issue, may God speak to you as you learn more of what God is doing as Full Gospel Assemblies stretches throughout America, Africa, Asia and into Latin America. In this season of giving thanks, let your joy be in the Lord. Rejoice with me today!

Early in 2019, the country of Malawi was hit by a devastating storm that destroyed the home of Project Ten-16 recipient Favour Maning'a. Favour's father has passed on, and he now lives with his mother Alice in the countryside outside of the city limits. Following the storm, the local church was able to help Alice and 7 yr old Favour with a temporary grass shelter. When Favour's sponsor, FG Pastor Peggy Jenkins of FL heard of the tragedy, she was moved by the Lord to provide assistance for the building of an earth-brick two room home. The bricks were made from the earth upon which the home stands and the local men have erected the home, complete with a metal roof. Favour, his mother and the local pastor, (R) stand on the porch of this new gift home! Truly this has been a visitation of love in the time of their affliction (James 1:27). All glory to God!

## FGA Malawi 2019 Annual Conference

The 2019 FGA-Malawi national conference, held in Blantyre Malawi 9/26-10/5, united church leadership from 2 countries, representing more than 125 congregations! Pastor Edward Popovich, FGAI Vice Chairman, served as keynote speaker, meeting with the church leadership and as well, active students of the Malawian Phrear School of Theology student body.

Pastor Popovich writes, "The mission to Blantyre, Malawi, Africa was a very profitable trip. God ministered to all the people who came to the conference. There were bishops, pastors, and leaders of many different churches from many different areas. There were even some that came from the neighboring

country Mozambique. From the time I arrived, starting the next day I spoke each day and in the conference twice a day. The Holy Spirit anointed the teaching of the Word and some of the reports I received said that lives were changed by the Word of God. God blessed with healings as well is the working of the Word. One man who had a problem with his hearing. God had touched and opened up his ears and he now he is hearing much better than he did before. Another man had pain in his knees. God touched him and all pain was gone. He was able to bend his knees without pain. We prayed for a number of people to receive the Baptism in the Holy Spirit. After we finished praying, the Bishop asked how many spoke in tongues for the first time, and 15 people raised their hand that they had received the Baptism in the Holy Spirit. As the Word of God had said, Jesus will confirm His Word with signs following." To our Lord we give all our praise!

### *Malawian Ministry Leadership Training Update*

Through the FG Phrear School of Theology (PST) ongoing efforts into the country of Malawi for 2019, a school and central office facility is now fully operational in the city of Blantyre. There, PST and International Maranatha Institute (IMI) classes are offered. Outside of the city limits, 4 church locations are now operational as IMI training sites. FG PST / IMI training of NEX GEN servants of God for 2020 is now reaching 90+ students. This great work for the training of His people is touching throughout the country of Malawi and into Mozambique. Truly the harvest is plentiful and the workers are few. *By your faithfulness into FG Missions, Full Gospel Assemblies will be able to send out the workers into the great harvest, fulfilling the great commission of our Lord God!*

### Monroe Center Community Church Opens New Facility

The Lord has blessed Monroe Center, IL with the June 2019 opening of the new MCCC facility. After a number of years in the process, FG pastors Bob Mellon (lead) and Brian Alexander (Exec), along with church staff and all God's people are praising the Lord. Pastor Bob reports 'the church is growing'. As the community was welcomed for the grand opening, Pastor did so proclaiming that all were invited to join in worship unto the Lord *and* make an impact into the community.

Full Gospel Assemblies joins with MCCC in giving God praise and believing for great and mighty things by the hand of God.
